YSM X 29.53135314 days	d, D, A	Name of Month	Luni Solar Difference Per Month (LSDPM)	Residue after Extra Month
CIVIL 49 - YEAR CYCLE						RELIGIOUS 49 - YEAR CYCLE																							
YSM	C 606	D/M	DAO	YB	YC	D/YC	RM	YR	D/YR	R 606	RSM	D/M	DAO																
599	599	29	17689	7th Civil Year or 49th C	12 Months	7th Civil Year or 49th C				593		29	17512									17689.28052		Sebat					
600	600	30	17719				48	48	355	594		30	17542											17718.8118780100		Adar			
601	601	29	17748									29	17571											17748.3432311400	A 49	Abib			
602	602	30	17778									30	17601											17777.87458		Zif			
603	603	29	17807									29	17630											17807.4059374000		Sivan			
604	604	30	17837									30	17660											17836.9372905300		Tammuz			
605	605	29	17866									29	17689											17866.46864		Ab			

**Note: In this way, you should count 49 Years and the 50th Year (Lev. 25:1-22) otherwise you will be Spiritually killed (Ezekiel 3:20; Jer. 6:21; 1 Peter 2:1-10; Mal. 1:11-14; 1 John 2:19; ).**

*Yahweh's Principle: The Earth completed 49 revolutions around the Sun in a circular Orbit, at the same time the Moon completed 606 revolutions around the Earth in a circular Orbit (Job 26:7; 38:19-34; Isaiah 48:13; Jer. 33:19-26).*

Formula: 49 Revolutions = 49 Years = 49 Tropical Years = 588 Yahweh' Tropical Months (YTM) = 606 Revolutions = 606 Yahweh's Synodic Months (YSM) = 17,896 days = 49 Luni Solar Years.

Yahweh's Formula = 49 YEARS = 49 - Year Cycle = 49 - Year Luni Solar Cycle = 49 - Year Tropical Cycle = 49 Luni Solar Years = 49 Tropical Years = 606 Lunar Months = 588 Tropical Months = 17,896 days = 17,896 nights + 17,896 days = 429,504 hours = 25,770,240 minutes = 1,546,214,400 seconds = Constant forever (Genesis 1:13-19; Jeremiah 33:19-26; John 11:9; Job 26:7-8; 38:30-34; Psalms 104:19).

Conditions to confirm the 1st day of Yahweh's Synodic Month: (1). Celebrate the 1st day of Yahweh's Synodic Month from 6 PM (18 hours) of the Previous Roman date to 6 PM of the next Roman date if Yahweh's Synodic Month begins between 0 hours and 9 hours (9 AM). (2). Celebrate the 1st day of YSM from 6 PM of the similar Roman date to 6 PM of the next Roman date if Yahweh's Synodic Month begins between 9 hours (9 AM) and 24 hours (12 PM) [Deut. 11:12-14; Neh. 8:3-12; Acts 2:14 - 16; Num. 28:11-14, 1-8]. The time of the Animal Sacrifice Burnt Offering is 9 AM = The Jewish Messiah was Crucified (Mark 15:25). These conditions confirm which Month takes 29 days or 30 days.

**Yahweh's Synodic Month (YSM)** = Days per Cycle ÷ Synodic Months per Cycle = 17,896 days ÷ 606 Lunar Months = 29.53135314 days at 35°E, Jerusalem (Genesis 1:13 - 19; Psalms 104:19; Lev. 25:8 - 9).

**Yahweh's Tropical Year (YTY)** = Days per Cycle ÷ 49 Years = 17,896 days ÷ 49 Tropical Years = 365.2244898 days at 35°E Longitude, Jerusalem (Leviticus 25:8 - 9; Psalms 104:19; Jer. 31:35 - 37; Num. 23:19)

**Luni Solar Difference Per Month (LSDPM)** = Yahweh's Tropical Month (YTM) - Yahweh's Synodic Month (YSM) = 0.904021014 days (For accurate Seasons - Genesis 1:13 - 19).

**Yahweh's Tropical Month (YTM)** = Yahweh's Tropical Year ÷ 12 = 30.43537415 days.

Note: Yahweh Created the Sun, the Moon and stars strictly at 18 hours on 23rd Feb., 4234 BCE at 35°E, Jerusalem (Genesis 1:13-19).

The Sun, and Moon is the Universal Clock made by Yahweh. This Clock gives nights, daytimes, Phases of the Moon, Seasons, Years and so on without any repair (Jer. 31:35-37; John 11:9; Ezk. 46:13)!

Where **YSM** = Yahweh's Synodic Month or how many Yahweh's Synodic Months are finished from 6 PM on 23rd February 4234 BCE (Tue.) 35°E Jerusalem to the required YSM (Genesis 1:13-19)

**C 606** = Number of Civil Synodic Months completed out of 606; **D/M** = Days per Month; **DAO** = Days completed in Ascending Order;

**YK = Yom Kippur.**

**YB** = Civil Luni Solar Years completed from the Beginning (From the date of the Creation of the Sun, Moon and stars); **YC** = Civil Luni Solar Years completed out of 49 Years; **D/YC** = Days per YC;

**RM** = Religious Luni Solar Years completed from the land of Milk and Honey or Canaan (Leviticus 25:1-7); **YR** = Religious Luni Solar Years completed out of 49 Years; **D/YR** = Days per YR;

**R606** = Number of Religious Synodic Months completed out of 606; **RSM** = Religious Synodic Months completed from the land of Canaan; **D/M** = Days per Month; **DAO** = Days completed in Ascending Order;

**d1, d2, d3, d4, d5 ..... d50** are The Day of Atonement with respect to Civil 50 - Year Lunisolar Cycle.

**A1, A2, A3, A4, A5, A6 ..... A49** are 1st Abib with respect to Religious 49 - Year Lunisolar Cycle.

**D1, D2, D3, D4, D5 ..... D49** are the Day of Atonement with respect to Religious 49 - Year Luni Solar Cycle.

**MYSTERY (1 Cor. 2:7-15; 14:26): There are 49 Ethanims Months in the 49 YEARS. 1st Ethanims is called as the 50th Ethanims just as the 1st Civil Year is called as the 50th Year. So, 49th Yom Kippur = 10th day of Ethanims of 49th Religious Year = 10th day of 1st Civil Month of 1st Civil Year (or the 50th Civil Year) = The Jubilee Year.**

## YAHWEH'S CALENDAR FORMULA (MYSTERY BEHIND 49 YEARS AND 50TH YEAR) - LEVITICUS 25:8-9; JN. JER. 33:19-26; GEN. 1:13-19; PS. 104:19

Formula: 1 Cycle = 49 Years = 49 - Year Luni Solar Cycle = 49 - Year Tropical Cycle = 606 Lunar Months = 588 Tropical Months = 17,896 days. Yahweh Created the Sun, Moon and stars at 18 hours on 23rd Feb., 4234 BCE, 35°E Jerusalem.

SYNODIC MONTH = 29.53135314 DAYS, TROPICAL YEAR = 365.2244898 DAYS														49th Civil Year completed	49th Religious Year completed	Where is the 1st Civil Year?	Civil Months (1st Year = 50th Year)	Where is the 50th Civil Year?	50th Civil Year completed	Where is the 2nd Civil Year?	Where is 1st Religious Year?	6th, 7th and 8th Year	MYSTERY BEHIND 50TH YEAR	Which Yom Kippur completed?	YSM X 29.53135314 days	d, D, A	Name of Month	Luni Solar Difference Per Month (LSDPM)	Residue after Extra Month
CIVIL 49 - YEAR CYCLE							RELIGIOUS 49 - YEAR CYCLE																						
YSM	C 606	D/M	DAO	YB	YC	D/Y C	RM	YR	D/YR	R 606	RSM	D/M	DAO																

Religious Months completed as 1/1, 2/1,3/1 ..... and so on with respect to R 606 and 49 Religious Years.

Civil Months completed as 1/1, 2/1,3/1 ..... and so on with respect to C 606 and 49 Civil Years; EM = Extra Month.

**LSDPM** = Luni Solar Difference Per Month (Leviticus 25:8 - 9; Job 38:19-34; Jeremiah 33:19 - 26, 32:26 - 27).

LSDPM becomes an "Extra Month (29.53135314 days)" at the end of every 33rd or 32nd Synodic Month.

### FALSE PROPHETS/FALSE TEACHERS:

Many are teaching different false Calendars to this day because they don't know Yahweh's Calendar. Yahweh is speaking through me about His CALENDAR now (1 Cor. 2:7-15; 12:1-11; 14:26; 13:10; Deut. 29:29 = Php. 3:15-16; Gal. 5:25; 1 Cor. 11:17-19; Jer. 11:1-5).

**Don't hate me - 1 John 3:1-24; 4:1-21; 5:1-4.**

**Yahweh's Spirit inspired me to do His Calendar formula**

NOTE: I used CY, RY, CCM, RCM, MH and so on in some of my previous calculations. Please note that CY = YB or SM; RY = RM or MH; CCM = YSM; RCM = RSM and so on.

**You are cursed if you don't accept 49 - Year Cycle - Gal. 1:6-10; 1 Cor. 15:22; Eph. 1:1-12!**

NUM. 23:23 = LUKE 16:29-31; MATT. 22:11-14; REV. 19:8.

Note: 49th Year means

17,896 days!

Note: 19th Year means

6,939 days!

Note: 19th Year means

6,940 days!

Note: 50th Year means

18,250 days!

So, don't follow fake!

### ONE MIND/ONE CALENDAR!

Ex. 35:21, 26; 36:2; Neh. 8:1; Hag. 1:14; 2 Chr. 15:1; 20:14; 24:19--22; Acts 18:24-28; 17:10-2; 1 Thess. 5:21; Rom. 8:6, 12:16; 8:9-10; 1 Cor. 2:16, 1:10; 6:17, 15:5-14; 12:1-11; 2 Cor. 13:11; Php. 1:27-28; 2:1-2; 3:15-16; 4:1-2; Col. 3:12-17; 1 Pet. 3:8; James 3:17.

### DIFFERENT MINDS/DIFFERENT CALENDARS:

Rom. 8:5, 15; 11:8; 2 Thess. 2:9-12; James 4:8; 3:13-16; 1 Tim. 4:1; 1 John 4:1-6; Jude 19; 1 Ki. 22:19-25; Isa. 29:10; 30:1-2.

CY = Civil Years completed from the date of the Creation of the Sun, the Moon and stars (CY = SM); RY = Religious Years completed from the land of Canaan (RY = M)

**Satan is using his servants under the veil of Yahweh's Calendar, 70 Weeks Prophecy and so on (Acts 15:24; 2 Cor. 2:11-17; 11:4, 13-15; Gal. 2:4; 5:25; 1 Tim. 4:1-2; 1Cor. 11:16; 14:26-40; Php. 3:15-16)!**

**\* Beginning of Synodic or Lunar Month (Num. 10:10) = 1st Day of Lunar Month. This is calculated from the very beginning or from the end of the previous Lunar Month (Gen. 1:13-19).**

**\*\* Full Moon Day (15th day of each Lunar Month = Psalms 81:1-5) = This is calculated from the very beginning or from the end of the previous Lunar Month (Gen. 1:13-19).**

**\*\*\* End of each Lunar Month (Deut. 11:11-14) = This is also calculated from the very beginning or from the end of each Synodic Month (29.53135314 days).**

**\*\*\*\* Days per Lunar Month and days per Luni Solar Year are calculated according to Yahweh's Formula only. So, Extra Month occurs according to Luni Solar Difference Per Month only.**

**Note: Yahweh Created the Sun, the Moon and stars strictly at 18 hours on 23rd Feb., 4234 BCE at 35°E, Jerusalem (Genesis 1:13-19).**

Note: The Sun, Moon, and stars are created by Yahweh after the end of the 3rd day. So the Moon gets illuminated as soon as she receives light from the Sun.

Note: The time between two Jubilees is 17,896 days always because more or less than 17,896 days can't give Seasons and Phases of the Moon. So, we should not bother whether the Moon is visible or not.

**\* So 50th Yom Kippur (d50) = 49th Yom Kippur (D49) = 1st Yom Kippur (d1) = 24 hrs. = 10th day of Ethanym of every 49th Religious Year = Jubilee Year = 354 Days always (Leviticus 25:8-16).**

Please prove your calculations if Yahweh, the Creator elected you to produce His Appointed times according to Lev. 25:8-9; 1 Cor. 11:17-19.

**Note: The Circular Orbit of the Earth around the Sun per 49 Years = The Circular Orbit of the Moon around the Earth = 17896 days. We can assume this circular orbit as a straight line for easy understanding.**

**Note: Every 49th Civil Luni Solar Year takes 355 days where as every 49th Religious Luni Solar Year takes 354 days. So days per Month are confined by the conditions of the 1st Day of every YSM.**

### JEWISH PEOPLE ARE FOLLOWING 19 - YEAR CYCLE (Isaiah 9:16; 1 Tim. 4:1-2):

19 Years = 19 Year Luni Solar Cycle = 235 Synodic Months = 228 Tropical Months = 6939 days.

Synodic Month = 6939 days ÷ 235 Months = **29.52765957** days. Please note this.

Tropical Year = 6939 days ÷ 19 Years = **365.2105263** days (Not suitable for Seasons). Note this.

So, 19 - Year Luni Solar Cycle is the inaccurate concept forever!

All Apostles followed the 49 - Year Cycle - 1 Cor. 5:6-8; 2 Cor. 12:18; 13:8; Col. 2:16; Acts 26:23; 24:13-15.

### JEWISH PEOPLE ARE FOLLOWING 50 - YEAR CYCLE (Rom. 10:1-3; Col. 2:8, 20-22):

50 Years = 50 - Year Luni Solar Cycle = 618 Synodic Months = 600 Tropical Years = 18,250 days.

Synodic Month = 18250 days ÷ 618 Months = **29.53074434** days.

Tropical Year = 18250 days ÷ 50 = **365** days (Not suitable for Seasons). Note this.

So, 50 - Year Luni Solar Cycle is the inaccurate concept forever!

**Note: Those who are celebrating the Appointed times of Yahweh on the wrong dates are the seed of the Serpent henceforth - Matthew 3:7, 23:13-39 X Acts 17:10-12; 1 Thess. 5:21; Php. 3:12-17; 4:8-9; 1 Cor. 2:13-14, 14:26-40; 11:16.**

## YAHWEH'S CALENDAR FORMULA (MYSTERY BEHIND 49 YEARS AND 50TH YEAR) - LEVITICUS 25:8-9; JN. JER. 33:19-26; GEN. 1:13-19; PS. 104:19

Formula: 1 Cycle = 49 Years = 49 - Year Luni Solar Cycle = 49 - Year Tropical Cycle = 606 Lunar Months = 588 Tropical Months = 17,896 days. Yahweh Created the Sun, Moon and stars at 18 hours on 23rd Feb., 4234 BCE, 35°E Jerusalem.

26		365.2244898	365	0.224489796			354									384		

NOTE: The Holy Spirit is promised to the Chosen people only - Luke 11:13; Acts 2:36-42.

<https://astropixels.com/ephemeris/calendarconverter.html>

Note: Yahweh Created the Sun, the Moon and stars strictly at 18 hours on 23rd Feb., 4234 BCE at 35°E, Jerusalem (Genesis 1:13-19).

Note: Yahweh determined that each Day = 24 hours = 1440 minutes = 86,400 seconds on the Equator always (Genesis 1:13-19; Jeremiah 33:19-26, 31:35-37; John 11:9).

Note: Yahweh determined that each Tropical Year = 365.2244898 days on the Equator always (Genesis 1:13-19; Jeremiah 33:19-26, 31:35-37; Job 38:1-34).

NOTE: Earn the Knowledge of God - 1. Corinthians 14:20; Eph. 4:20-24; Hosea 14:9.

## YAHWEH'S CALENDAR FORMULA (MYSTERY BEHIND 49 YEARS AND 50TH YEAR) - LEVITICUS 25:8-9; JN. JER. 33:19-26; GEN. 1:13-19; PS. 104:19

Formula: 1 Cycle = 49 Years = 49 - Year Luni Solar Cycle = 49 - Year Tropical Cycle = 606 Lunar Months = 588 Tropical Months = 17,896 days. Yahweh Created the Sun, Moon and stars at 18 hours on 23rd Feb., 4234 BCE, 35°E Jerusalem.

SYNODIC MONTH = 29.53135314 DAYS, TROPICAL YEAR = 365.2244898 DAYS														49th Civil Year completed	49th Religious Year completed	Where is the 1st Civil Year? 45				365.2244898	366	0.224489796		1.10204082				384																	
46				365.2244898	365	0.224489796						354																	
47				365.2244898	365	0.224489796						355																	
48				365.2244898	365	0.224489796						383																	
49				365.2244898	366	0.224489796		1				355					2569/87	354	49	2540/86									
Year				Days/Year	D/TY	Residue		RAO				D/CY																	
Total				17,896 days	17896	508 Tropical Months = 17,896 days						17,896 days					For example (Lev. 25:8-9)	17,896 days	17,896 days	49 Years	17,896 days								

NOTE: All these calculations come under 10th Class Mathematics!

NOTE: It is easy to count days between any 2 dates with a calendar converter.

Note: IAU, NASA and all astronomers discovered that the Tropical Year = 365.2421897 days which varies always but Yahweh determed it as 365.2244898 days forever (Jer. 33:19-26)!

Note: The discoveries of Astronomers are accurate if Yahweh is not the Creator - Jeremiah 32:26-27; Genesis 18:14; Numbers 11:23; John 11:9; Joshua 10:12-15 and so on. So, don't follow Yahweh's Book if you accept Day = 23 hours, 56 minutes and 4.09 seconds, Synodic Month = 29.53058885 days or 29.5 days and Tropical Year = 365.24219 days. I believed in Yahweh. That's why I couted that 7 times 7 years = 49 Years = 606 Synodic Months = 588 Tropical Months = 17896 days.

NOTE: The unwise are NOT chosen by Yahweh before the foundations of the Earth - Eph. 1:1-12; 2 Peter 3:15-17 etcetera.

For example: 17,896 days are there from 6 PM of 30th Sep., CE 1989 to 6 PM of 29th Sep., CE 2038. For the complete picture, please study under Yahweh's Clock and Jewish History on [www.yhwhcalendar49.com](http://www.yhwhcalendar49.com)

Where D/TY = Days per Tropical Year; RAO = Residue in Ascending Order; LD = Leap Day; D/7Y = Days per 7 Tropical Years; D/CY = Days per Civil Luni Solar Years which is counted from the Creation

of Sun, Moon, and stars; D/CM = Days per Civil Months; D/RM = Days per Religious Months; D/RY = Days per Religious Luni Solar Years which is counted from the land of Canaan; LS Years = Luni Solar Years;

Satan is misleading all Jews in the case of Yahweh's Calendar through the Rabbis. That's why Rabbis are still not interested in Yahweh's Calendar Formula (49 Years) but interested in 19 Years.

## YAHWEH'S CALENDAR FORMULA (MYSTERY BEHIND 49 YEARS AND 50TH YEAR) - LEVITICUS 25:8-9; JN. JER. 33:19-26; GEN. 1:13-19; PS. 104:19

Formula: 1 Cycle = 49 Years = 49 - Year Luni Solar Cycle = 49 - Year Tropical Cycle = 606 Lunar Months = 588 Tropical Months = 17,896 days. Yahweh Created the Sun, Moon and stars at 18 hours on 23rd Feb., 4234 BCE, 35°E Jerusalem.

SYNODIC MONTH = 29.53135314 DAYS, TROPICAL YEAR = 365.2244898 DAYS														49th Civil Year completed	49th Religious Year completed	Where is the 1st Civil Year?	Civil Months (1st Year = 50th Year)	Where is the 50th Civil Year?	50th Civil Year completed	Where is the 2nd Civil Year?	Where is 1st Religious Year?	6th, 7th and 8th Year	MYSTERY BEHIND 50TH YEAR	Which Yom Kippur completed? \* 49 - YEAR LUNI SOLAR CYCLE ONLY gives accurate Phases of the Moon and Seasons forever because it is established by the Creator, Yahweh. For details please study under Yahweh's Clock on our website.

- \* We should count 49 YEARS as 7 times 7 years as 606 Lunar Months = 17,896 days only.
  - \* Are not there 17,897.25 days in 49 Julian Years (49 Tropical Years X 365.25 days)?
  - \* Are not there 17,896.8825 days in 49 Gregorian Years (49 Tropical Years X 365.2425 days)?
  - \* Are not there 17,894.8 days in 49 Hindu Tropical Years (49 Tropical Years X 365.2 days)?
  - \* So we should count 7 times 7 years in this way only if YAHWEH'S SPRIT inspires you.
  - \* We can count 7 times 7 years as 49 Years in terms of 49 Luni solar Years in this way only.
  - \* At the end of 7 Years = 7 Luni Solar Years = 86 months = 2,540 days because 1st 7<sup>th</sup> year takes 86 months or 2540 days.
  - \* At the end of 14 Years = 14 Luni Solar Years = 173 months = 5,109 days because 2<sup>nd</sup> 7<sup>th</sup> year takes 87 months or 2569 days.
  - \* At the end of 21 Years = 21 Luni Solar Years = 259 months = 7,648 days because 3<sup>rd</sup> 7<sup>th</sup> year takes 86 months or 2539 days.
  - \* At the end of 28 Years = 28 Luni Solar Years = 346 months = 10,218 days because 4<sup>th</sup> 7<sup>th</sup> year takes 87 months or 2570 days.
  - \* At the end of 35 Years = 35 Luni Solar Years = 433 months = 12,787 days because 5<sup>th</sup> 7<sup>th</sup> year takes 87 months or 2569 days.
  - \* At the end of 42 Years = 42 Luni Solar Years = 519 months = 15,327 days because 6<sup>th</sup> 7<sup>th</sup> year takes 86 months or 2540 days.
  - \* At the end of 49 Years = 49 Luni Solar Years = 606 months = 17,896 days because 7<sup>th</sup> 7<sup>th</sup> year takes 87 months or 2569 days
  - \* So 49 - Year Luni Solar Cycle takes 606 Lunar Months as 17,896 days only. So 49 Years = 606 Lunar Months = 17,896 days.
- We call this as formula but the Book of Yahweh calls it as ORDINANCE or DECREE - Job 38:1-34; Jer. 33:19-26; Ps. 148:6 etc.
- \* \* Are NOT you counting 29 days, 30 days, 50 days, 49 years, 50 years ?
  - \* \* Are NOT you counting 354 days per Year as 12 months X 29.5 days?
  - \* \* How can you get 355 days if you took 12 months as 12 months X 29.5 days?

**Come out of Harlot - Rev. 2:20-23; 18:4; Ecl. 7:26; Pv. 22:14; 2:1-5; 7:1-27; 2 Tim. 3:5-7.**

**You are a sinner if you hate your brother who teaches the Apostolic Foundations - 1 John**

**Cheating is Common - 2 Tim. 3:13-15. So, escape now - 1 Tim. 4:16; Isaiah 1:3; 42:22; 66:4!**

1 Cor. 11:14; 14:24-40; Deut. 29:29.

Jewish people are celebrating the Appointed times of Yahweh on the wrong dates since CE 135.

All Messianics (Who follow the Sabbath, Festivals, Dietary Laws etc.) are also celebrating the Appointed times of Yahweh on the wrong dates to this day.

All Christians are celebrating the demonic doctrines as written in 1 Timothy 4:1-2. They are 1st January, Lent, Good Friday, Easter, Sunday is the day of Resurrection, Christmas, Birth Day, Death Day, Marriage Day and so on (Col. 2:8; 20-22; Gal. 4:8-11; 1 Peter 4:1-4; Eph. 4:17-18; Leviticus 18:1-5).

Lack of Knowledge leads to Hell fire - Mark 7:1-23; James 3:15-16; 2 Tim. 3:6-7; Rom. 1:28-32; 1 Timothy 6:1-6). So, search the Scriptures - 1 Thess. 5:21!

- \* Is not Yahweh's Synodic Month (YSM) = 29.53135314 days if 606 Synodic Months = 17,896 days ?
- \* Is not Yahweh's Tropical Year (YTY) = 365.2244898 days if 49 Tropical Years = 17,896 days ?
- \* Did Yahweh command that add Extra Month at the end of Adar Month? Did Yahweh command that count 19 Years to celebrate the 50th Year?
- \* You sinned if you don't count that 49 years = 606 Synodic Months = 588 Tropical Months = 17,896 days (Deut. 4:1-2; 12:32).

**19 - Year Cycle and all other fake Calendars are NOT introduced by Yahweh (Deut. 13:1-5). You are learning from school to college level by different scientists of different countries. What is the problem with accepting Yahweh's Calendar formula now? Don't hate your brother - (1 John 5:1-2; 2:11, 29; 3:10-20; John 13:35; 17:20-21).**

\* All so-called Leaders are counting the days from the Visible Crescent because they don't know the formula and the principles of Yahweh's Calendar. That is why they are misleading the people of Yahweh (Jeremiah 28:15-17, 29:21-32). Didn't you realize that 29.5 days is not suitable to get accurate Phases of the Moon, Extra Months, and Seasons? Millions of Jews rejected the Jewish Messiah and His 49 - Year Luni Solar Cycle (49 Years = 606 months = 17,896 days = Lev. 25:8-9). Even many Christian leaders are misleading the people with inaccurate Calendar to this very day. Both the Rabbis and Christian leaders are telling we will celebrate the Appointed times of Yahweh in the right time when the Messiah comes. This is not true - Luke 16:29-31; Php. 3:15-16; 1 Cor. 14:26 etc. All Rabbis and Christian leaders won't learn from their fellow servants of God because they closed the door of Heaven already - Luke 11:51-52; Matt. 23:13-14 etc.

**YAHWEH'S CALENDAR FORMULA (MYSTERY BEHIND 49 YEARS AND 50TH YEAR) - LEVITICUS 25:8-9; JN. JER. 33:19-26; GEN. 1:13-19; PS. 104:19**

Formula: 1 Cycle = 49 Years = 49 - Year Luni Solar Cycle = 49 - Year Tropical Cycle = 606 Lunar Months = 588 Tropical Months = 17,896 days. Yahweh Created the Sun, Moon and stars at 18 hours on 23rd Feb., 4234 BCE, 35°E Jerusalem.

Yahweh's Book (Isaiah 34:16) proved that Yahweh the Creator created the Sun, the Moon, and stars strictly at ( a ) after the end of the 3rd day.

"UT ± h m s" is a baseless concept and it is true if the Earth was stopped! So, the discoveries of NASA/IAU are not accurate (1 Cor. 3:19-22).

So, time should be counted as "II. ST - h m s" only because time begins from a particular reason. The reason is explained in Yahweh's Book only!

So, we can count how many days, how many Synodic Months, and how many years are completed from the beginning with the help of Yahweh's book.

Note: All the Synagogues (Congregations) should celebrate all the Appointed times of Yahweh at the right time henceforth because Yahweh is speaking through me about His Calendar formula, History, Chronology, and so on according to Philippians 1:27-28; 2:1-2; 1 Peter 3:8; 2 Cor. 12:18, 13:8 and so on otherwise you are the serpent seed (1 Cor. 11:16; 14:32-34; 16:1; 2 Cor. 8:18-24; 2 Cor. 11:28; 1 Thess. 2:14; 2 Thess. 1:4). At present, each Church has its own doctrine and each church has different Spirits (1 John 4:1-6).

You are the children of Satan if you hate your brother (1:2:8-10; John 3:7-15; 4:20-21; 5:1-4; John 13:34-35; 14:15; ).

**Written in Yahweh's Book**

( 1 ). History is written in Yahweh's Book from the very 1st day of the very first Week to the end of the Messiah's 1000 Years reign (Romans 3:1-2; 9:1-5; 2 Peter 1:20-21).

( 2 ). The very first Sunset appeared at ( a ) but Adam was not created then to see that phenomenon of the Sun. Please note that 3 days (72 hours = 259200 seconds) are completed at ( a ) - Genesis 1:13-19.

( 3 ). The very first Sunrise appeared at ( b ) in Alaska (USA). (c) indicates tail.

( 4 ). Yahweh's Book proved that the time begins from Israel at 35°E, Jerusalem as "II. ST - h m s". Yahweh will rule His chosen people from Jerusalem from CE 2136 to CE 3136 (Genesis 1:1-31; 2:1-3; Matt. 5:34-35).

This is the time to learn from our Website concerning Yahweh's Calendar, Jewish History (4234 BCE to CE 2136), Yahweh's Clock (4234 BCE to CE 2136), and so on. You will be proved as the seed of the Serpent if you reject Yahweh's Calendar formula, Jewish History, Jewish Chronology, and Yahweh's Clock henceforth (1 Cor. 13:10; 1 John 2:19; Acts 17:10-12; 1 Thess. 5:21)!

## YAHWEH'S CALENDAR FORMULA (MYSTERY BEHIND 49 YEARS AND 50TH YEAR) - LEVITICUS 25:8-9; JN. JER. 33:19-26; GEN. 1:13-19; PS. 104:19

Formula: 1 Cycle = 49 Years = 49 - Year Luni Solar Cycle = 49 - Year Tropical Cycle = 606 Lunar Months = 588 Tropical Months = 17,896 days. Yahweh Created the Sun, Moon and stars at 18 hours on 23rd Feb., 4234 BCE, 35°E Jerusalem.

CIVIL 49 - YEAR CYCLE							RELIGIOUS 49 - YEAR CYCLE																						
YSM	C 606	D/ M	DAO	YB	YC	D/Y C	RM	YR	D/YR	R 606	RSM	D/ M	DAO																

Every astronomer, Religious leader and even NASA is misleading the World with their inaccurate calculations and discoveries (Day = 23h, 56m, 4.09s, SM = 29.53058885 days, and Tropical Year = 365.24219 days). These discoveries didn't give accurate nights, daytimes, days, Phases of the Moon, Seasons and Years. Jews, Chinese, Hindus, etcetera are following Luni Solar Calendar but they are following different Luni Solar Cycles as 19, 50, 60 etcetera. Now the time has come to realise that only one Luni Solar Cycle gives 100% accurate Phases of the Moon, Seasons, 7 times 7 years, days, months, and Extra Months. We should learn from the Moon because it is the Clock which is made by the Creator only. This Universal Luni Solar Clock proves that 49 - Year Luni Solar CYCLE is the formula determined by the Creator. This formula is written in Leviticus 25:8-9. This proves that the Creator is Yahweh only forever. We are living in the digital World. This formula (49 - Year Luni Solar Cycle) is giving most accurate Phases of the Moon from the beginning. So we can call this Clock as the Universal Digital Luni Solar Clock. You will die in your sins if you don't accept Yahweh's Calendar (Jn. 8:24-32) !!!

\* Is the Scriptural Luni Solar Difference per Month = 0.904021014 days if we take as (30.43537415 days - 29.53135314 days) ?

\* Is the Scriptural Tropical Month = 30.43537415 days (if we take as 365.2244898 days ÷ 12 months)? So don't follow NASA or IAU henceforth!

The Creator should be proved in historically and scientifically because He Created the first couple, all the creatures, Languages, Numbers from - infinity to + infinity including all theories, principles, and formulas of all subjects. So the Creator knows 100% accurate length of Day, Lunar Month and Tropical Year because these are derived from the relation between the length of earth's revolution around the Sun and Moon's revolution around the earth. This Clock is working by depending on a Formula which is called as 49 YEARS (Leviticus 25:8-9). So the Creator's formula should be written in His Book i.e either in the Book of Yahweh (The Bible) or in the Vedas or in the Quran. This is the time to check the formula of "The Universal Luni Solar Clock" whether it is written in any one Religious Book or not. The Creator's formula is written in His Book only (The Book of Yahweh) in Isaiah 34:16; Leviticus 25:8-9; Genesis 1:13-19, 8:22; Psalms 104:19; Job 38:1-34; Jeremiah 31:35-37, 33:19-26. This 49 - Year Luni Solar Cycle (49 Years) is established at 6 PM of 1st day of 1st Civil Lunar Month of SM 1 (The Hebrew Date) or 6 PM of Tuesday on 23rd Feb., 4234 BCE (Roman Date) according to Genesis 1:13-19. So 49 - Year Luni Solar Cycle is derived from the relation (Formula) between the sun (The length of Tropical Year = 365.2244898 days) and the Moon (The length of Lunar Month = 29.53135314 days) with respect to the earth (Job 26:7, 38:1-34). That's why 49 - Year Luni Solar Cycle only gives 100% accurate length of Day (24 hours/ 360°), Lunar Month (29.53135314 days/ 360°), Tropical Year (365.2244898 days/ 360°) and Seasons. So 49 - Year Luni Solar Cycle only is proved as the FORMULA of the Creator, Yahweh if you produced the Phases of Moon and Luni Solar Years for 490 or 980 years by using "MS Office Excel" and <http://www.astropixels.com/ephemeris/calendarconverter.html>

**Proof: The discoveries of IAU and NASA (Eg. Synodic Month = 29.53058885 days) are NOT suitable to get accurate Phases of the Moon and Seasons. Let's verify with 49 - Year Cycle:**

49 Years = 606 Synodic Months = 606 X 29.53058885 days = 17,895.53684 days = 17,895 days, 12 hours, 53 minutes, and 3.24384 seconds = 17896 nights + 17,896th daytime ends up with 53 minutes, and 3.24384 seconds. It is impossible that any daytime ends up with 53 minutes and 3 seconds. So the discoveries of NASA or IAU are NOT accurate to get accurate Phases of the Moon, Seasons, and New Years. In this way you can verify with 60 - Year Cycle, 19 - Year Cycle and so on. IAU and NASA is simply telling that the Synodic Month and Tropical Year vary always because they didn't discover accurate discoveries.

**RABBIS ARE MISLEADING THE JEWISH PEOPLE (Isaiah 9:16; 1 Tim. 4:1-2):**

**Hosea 9:7**

**CHURCH LEADERS ARE MISLEADING CHRISTIANS (1 Tim. 4:1-5; 2 Pet. 2:1-4):**

**How long will you follow demonic Calendar (Based on visible crescent theory, 29.5 days as the Synodic Month, Extra Month occurs at the end of Adar and so on - Isaiah 5:13)?**

NOTE: Yahweh's Spirit inspired me to do His Calendar formula (Leviticus 25:8-9), Jewish History, Jewish Chronology, Yahweh's Clock and so on in 32 years (1992 - 2024). You will be cursed if you don't accept 49 - Year Cycle (1 Cor. 11:16; 14:26; Php. 3:15-16; 1 John 3:10-24; 2:19-29; 5:1-2; Malachi 1:11-14). Yahweh didn't reveal the mystery behind 49 Years to you but revealed to me. Your name was not written in the Book of Life that's why you are not accepting 49 - Year Cycle. 99% of Yahweh's servants are not searching the Scriptures to feed the chosen sheep BECAUSE their goal is money (Philippians 3:17-19).

RESEARCH: 49 YEARS (Formula of Yahweh's Calendar i.e. 49 - Year Luni Solar Cycle and 49 - Year Tropical Cycle) proved that the Creator is Yahweh because 49 - Year Cycle gives accurate Nights, accurate Daytimes, accurate Days, accurate Phases of the Moon, accurate Seasons, and accurate Years. So, Yahweh is coming soon (Appr. CE 2136) to rule His Chosen people - Ephesians 1:1-12; Acts 4:27-28; Matthew 24:1-31; Revelations 11:1-7; 12:1-17; 13:1-18; John 4:37-45; Luke 21:24; Hosea 6:1-2; Zech. 8:23; Romans 11:23; Gal. 2:14; Acts 26:23; 1 Cor. 15:19 etcetera. So, repent now.
