It is hily impossible to get accurate Phases of the Moon, Seasons and New Years wiht the help of Hindu Calendar or Muslim Calendar or NASA/IAU!

Israelis have been following inaccurate and Gentile Grecian 19 - Year Luni Solar Cycle to celebrate the Appointed Times of Yahweh after they expelled from Canaan or Israel in CE 135. The Government of Israel is announcing false dates of Holidays and Holydays since AD/CE 1948 because YHWH (Yahweh = The Jewish Messiah) didn't give knowledge concentering His Luni Solar Calendar. WISE including IAU have been misleading the World to this day with their inaccurate discoveries.

Yahweh's Calendar formula proved that the Creator is Yahweh because His Calendar fromula gives accurate nights, daytimes, Pahses of the Moon, Seasons, Extra Months, and Years at the right time from the beginning to this very day. Yahweh blessed Israel according to His promise (Genesis 12:1-3). Israelis should learn from me in case of Yahweh's Luni Solar Calendar to celebrate all the Appopinted times of Yahweh and some memorial days henceforth as Yahweh's Calendar comes under the Gifts fo the Holy Spirit (1 Corinthians 2:7-14; 12:1-11). That's why all religious leaders and Astronomers have been misleading the World with inaccurate discoveries such as Synodic Month as 29.53058885 days, Hindu Synodic Month as 29.5309973 days. This is the time to say good-bye to all fake calendars.
