

MY DISCOVERIES CONCERNING THE TIME, PHASES OF THE MOON, SEASONS, AND YEARS

According to Yahweh's principles and formula concerning the time, Phases of the Moon, Seasons, and Years (Genesis 1:13-19; Leviticus 25:8-9; Psalms 104:19; Jeremiah 33:19-26):

(1). According to John 11:9, each daytime took 43,200 seconds per 180° on the Equator. So, each day took 86,400 seconds per 1 day per 360° (1 night + 1 daytime) from 6 PM on 20th February 4234 BCE to CE 33. So, each day took 86,400 seconds per 360° on the Equator, which was Constant forever even if thousands of tons of weight is increasing nowadays on the Earth – Genesis 1:13-19; Leviticus 25:8-9; Jeremiah 33:19-26; 31:35-37; Psalms 19:1-4; 81:1-5; 104:19; Job 26:7; 38:30-33. So, 1 Day = 24 hours = 1,440 minutes = 86,400 seconds per 360° (On the Equator). This was determined by Yahweh, the Creator strictly between 20th February 4234 BCE and 23rd Feb., 4234 BCE. Astronomers of the USA, used 86,400 seconds per one day per 360° in <https://astropixels.com/ephemeris/phasescat/phasescat.html>

Research: By the Word of Yahweh, the Earth revolves around the Sun in a "CIRCULAR ORBIT" but not an Elliptical Orbit (Job 26:7; 38:30-33; Isaiah 48:12; Psalms 19:1-4; 104:19). The earth is Hanged in the Space, means the radius in a circle is Constant which is symbolic to Circular Orbit but not Elliptical Orbit in this context. So, the nights, daytimes, Phases of the Moon, Seasons, and Years are occurring by the Word of Yahweh (Genesis 1:1-31; Isaiah 45:12). The discoveries of astronomers were guessed but the guess of Astronomers was not proven theoretically, practically, historically and astronomically from the beginning to this day. Moreover, the discoveries of Astronomers were not useful to verify and find out any historical event written in Yahweh's Book or any Religious Book. For the scientific evidence, please study under "ASTRONOMERS (NASA OR IAU ETC.) HAVE BEEN MISLEADING THE WORLD – 1" under LATEST MYSTERIES on www.yhwhcalendar49.com. More or less than 86,400 seconds per 1 day is fake. For scientific and historical piece of evidence, study under "SEARCH AND FIND" on our website.

(2). According to Genesis 1:13-19; Numbers 10:10; Deut. 11:11-12; Psalms 104:19; 81:1-5, each Synodic Month takes 29.53135314 days but not 29.53058885 days (Discovered by IAU or NASA). That's why I pinpointed that the Jewish Messiah was born in Israel in Summer on 10th November 1 BC/BCE (Wednesday) by using Yahweh's Calendar formula (49 Years – Leviticus 25:8-9). Please note this.

Research: Therefore, each Synodic Month took 29.53135314 days which is Constant according to Jeremiah 33:19-26; 31:35-37. So, the Earth revolves around the Sun in a "CIRCULAR ORBIT" but not an Elliptical Orbit. So, the time, Phases of the Moon, Seasons, and Years occur by the Word of Yahweh, the Creator. Astronomers. Moreover, the Sun, and Moon is the Universal Clock which is determined by Yahweh, the Creator. This Universal Clock is working by depending on 49 years which gives nights, daytimes, Phases of the Moon, Seasons, and Years without change in the length of Day, Synodic Month and Tropical Year (Leviticus 25:8-9; Jeremiah 33:19-26; 31:35-37). Because of inaccurate discoveries by Astronomers, Astronomers guessed that Synodic Month, and the Tropical Year vary always. YAHWEH, the Creator says that the day, Synodic Month and the Tropical Year never vary. Please read Jeremiah 32:26-27; 33:19-26; 31:35-37; John 11:9; Matthew 5:1-18; 24:35. Moreover, Yahweh (Yahshua the Messiah) will come to rule His chosen people after the end of the reign of the Roman Empire about in CE 2136 and He will punish all the Astronomers who misled the World with inaccurate discoveries with plagues, slavery, captivity, famine, and so on as told in Jeremiah 25:29; 9:25-26; Luke 6:24-26; 10:10-16. Please remember that Yahweh will punish all unrighteous people just as He punished unrighteous Israelis - Romans 2:1-16; Revelation 21:8; 20:13-15; James 5:1-6; Hebrew 10:26-31; 2 Thess. 1:3-12.

(3). According to Genesis 1:13-19; Psalms 104:19; 81:1-5, each Tropical Year takes 365.2244898 days but not 365.2422 days (Discovered by NASA or IAU). That's why I pinpointed that the Jewish Messiah was born in Summer on 10th November 1 BC/BCE (Wed.), the Messiah was Crucified in the Winter in the flowering time strictly on 13th May CE 33 (Wednesday), and was resurrected on 16th May CE 33 (Sat.) in Winter by using Yahweh's Calendar formula (49 Years = 49 – Year Luni Solar Cycle = Leviticus 25:8-9).

Research: Therefore, each Tropical Year takes 365.2244898 days which is Constant according to Jeremiah 33:19-26. So, the Earth revolves around the Sun in a Circular Orbit but not in an Elliptical Orbit - Jeremiah 33:19-26. So, this is time to restore Yahweh's Calendar Formula written in Leviticus 25:8-9.

My discoveries: (1). New Universal Time (NUT) = {Israel Time \pm (hours, minutes, and seconds)}, at 35°E, Jerusalem. (2). My discoveries proved that the Creator is Yahweh because 49 Years give accurate nights, accurate daytimes, accurate Phases of the Moon, accurate Seasons, and accurate Years. The discoveries of Astronomers (Synodic Month (29.53058885 days) and Tropical Year (365.2422 days)) didn't give accurate nights, accurate daytimes, accurate Phases of the Moon, accurate Seasons, and accurate Years. (3). The discoveries of Astronomers concerning the Synodic Month (29.53058885 days) and Tropical Year (365.2422 days) didn't find any historical event written in Yahweh's Book (Isaiah 34:16). For the scientific and historical pieces of evidence, study under "The discoveries of Astronomers have been misleading the World – 1". (4). Yahweh determined the Day as 24 hours (12 hours per night + 12 hours per daytime) or 1440 minutes or 86,400 seconds, Synodic Month as 29.53135314 days and Tropical Year as 365.2244898 days. These are Constant forever (Jeremiah 33:19-26; 31:35-37).

(5). Celebrate the beginning of Month from previous evening (6 PM) to next evening (6 PM) if Yahweh's Synodic Month begins between 0 hours and 9 hours (9 AM) – Numbers 28:1-15; Nehemiah 8:1-3, 12-13; Mark 15:25; Acts 2:14-21, and etcetera. Celebrate the beginning of Month from evening (6 PM) to next evening (6 PM) if Yahweh's Synodic Month begins between 9 hours and 24 hours (9 AM). The time of the "Morning Sacrifice" begins at 9 AM (Numbers 28:4). (6). That's why the Jewish Messiah was crucified at 9 AM (Mark 15:25), and the Jewish Messiah died at 3 PM (Mark 15:33-39; Matthew 27:45-46). Finally, the discoveries of Astronomers (IAU/NASA) are not accurate. Moreover, the Hindu Synodic Month (29.5309973 days), Hindu Tropical Year (365.2 days) are not accurate. (7). As the earth is revolving around the Sun at the same time the Moon is revolving around the Earth; the Day (24 hours = 1440 minutes = 86,400 seconds), the Synodic Month (29.53135314 days), and the Tropical Year (365.2244898 days) are Constant forever. So, Yahweh's Calendar Formula proved that the Creator is Yahweh.

At present in every Religion, religious cheating is going on under the veil of the Creator, and Calendar. Astronomers did a lot of research to this very day in case of Phases of the Moon, Seasons, and Years but no astronomer discovered accurate Luni Solar Cycle and Tropical Cycle to confirm the historical events (From 4234 BCE to CE 2136 – Isaiah 34:16) written in Yahweh's Book or any Religious Book. In my 33 years of research, I verified all historical events written in Yahweh's Book. All historical events written in Yahweh's Book were proven with 100% accuracy. For the piece astronomical evidence, please study under "ASTRONOMERS (NASA OR IAU ETC.) HAVE BEEN MISLEADING THE WORLD – 1" under LATEST MYSTERIES on www.yhwhcalendar49.com. I disproved the Hindu Calendar, Muslim Calendar, Julian Calendar and Gregorian Calendar. The Julian Calendar is not accurate because the Julian Year (365.25 days) gives Julian Synodic Month as 29.81632653 days (29 days, 19 hours, 35 minutes, and 30.61224384 days). Moreover, the Gregorian Tropical Year is not accurate because the Gregorian Tropical Year (365.2425 days) gives Gregorian Synodic Month as 29.55036408 days (29 days, 13 hours, 12 minutes, and 31.45631328 seconds). <https://astropixels.com/ephemeris/phasescat/phasescat.html> is fake.
